Sure. Sorry to hear that.
Hope he feels better!

We didn't do a lot today that was "paperwork". We practiced using the new board!

Can Sam get on one of his sibling's Macs and access his Google Drive? If so, he could work on his digital postcard [Google Slide]. It's in his "Shared with Me" drive/folder...he should know where to go from there.
These are the notes I had for him today:

Sam -

Check typing: space after periods and question marks

Tell more....for example:

What school do you go to?

What is our school mascot?

What big city is Carol Stream near?

Hi Michelle,

Sam is going to be out tomorrow. He ended up with a fever this afternoon and still has not eaten anything. Could you send his work home with Michael tomorrow?

Thanks!
Christine
